Four Maryville high school track athletes left yesterday for Trenton, where they will compete today for honors in the track and field events. Eugene Yehle, Myron Baker, James Halasey and Claude Glass made the trip. Coach Paul Becker left last night to join the M. H. S. representatives.

Ralph Yehle, who starred for Maryville last Saturday in the big meet, was unable to make the trip on account of the ankle which he sprained at that time. Eugene Yehle will enter the pole vault, dashes and perhaps high jump. Baker will compete in the quarter and half mile; Halasey in the 440 run, the dashes and the broad jump; Glass in the discus and perhaps pole vault.

HALE WILL ATTEND

BAPTIST PASTOR DELEGATE TO SOUTHERN CONVENTION.

MEETS AT ASHEVILLE, N. C.

The Rev. Charles Durdeen of Patte Park, St. Joseph, Will Preach Here Twice Sunday, May 21.

The Rev. L. M. Hale, pastor of the Baptist church here, will leave Sunday night for Asheville, N. C., to attend the Southern Baptist Convention which convenes there next week. He is a delegate from Missouri, appointed by the delegate committee which was selected at Trenton for that purpose by the state convention.

About one hundred delegates will attend the sessions but many more than that number will go from this state. Churches in Missouri have their choice of affiliating with the northern or southern conventions. The northern convention will be held at Minneapolis. The meeting will last for six days.

Mr .Hale will visit his brother, the Rev. George M. Hale, pastor of the Delmar avenue Baptist church, Monday on his way to the convention. Returning he will visit friends at Louisville where he was graduated from the seminary of his church. He will also spend several days with his father at Shelbina, Mo.

The Rev. Charles Durdeen, pastor of the Patee Park Baptist church at St. Joseph, will preach here both morning and evening Sunday, May 21. Mr. Hale will return before the following Sunday. The Rev. A. M. Kirkland, D. D., of Forest City, is the official delegate from the Northwest Missouri district.

The committee which selected Mr. Hale as one of the delegates was C. B. Miller of Kansas City, S. E. Ewing of St. Louis and J. E. Dillard of St. Joseph. All delegates pay their own expenses.

CORNER WOULD COST $447

And Adjoining Property Owners Would Have to Pay for Better Normal Entrance

According to an estimate made by City Engineer Joseph Reese, it would cost $447 to widen the corner of Dunn street and Normal avenue so as to have rounded corners instead of square corners as it is now.

It would be necessary to do 135 square rods of paving and the corner at its widest point would be twenty-five feet. The money for the improvement will have to be raised by the property owners.

Preaching at Barnard Sunday

Sunday is regular preaching day at Barnard. The Rev. G. T. Rolston, the pastor, will preach both morning and evening. The choir is requested to meet for practice Saturday night at the church.

J. V. Miller, a druggist of Omaha, who has been visiting his mother, Mrs. N. F. Hooper, left this morning for Omaha.

SAD STORY, MATES

BEARCATS SKINNED AND SLAUGHTERED, 8 TO 0

POOR DAY; WORSE CROWD

Scott and Leech Get Triples With Bases Empty—Home Run for Visiting Catcher

Yes, it really is a sad, sorrowful tale. The Normal Bearcats were skinned yesterday and Missouri Valley hang up the hide. The little cats would have to grow into real bruins to compete with the team sent here yesterday under "Kid" Nichols, a former big leaguer.

The score was 8 to 0. It might have been larger only the visitors played a waiting game for the first five innings before starting the slaughter. At that the Normals had nothing to be ashamed of except that their crowd consisted of few besides the faculty and the "kids" from the training school. Such "bum" support doesn't merit winning baseball.

Scott and Leech furnished thrills by tripling in the fourth and eighth, but the bases were empty. In the ninth Green, star catcher for Missouri Valley, picked out one to his liking with two on bases and poled out a home run. Steen, second baseman, made a great catch of Hickman's Texas leaguer and completed a double play on Scott at first.

Miller and Scott each made a great stop and throw during the game for an out at first. Hickman, catcher, is the weak spot for the Normals, but with colleges in the association Williams, a new man, cannot be used until he has been in school thirty days.

Wakeman was robbed of five strikeouts by Hickman's dropping the ball and the catcher also permitted much advancing on the bases by passed balls. The summary and box score follows:

SENATE REVOLTING

LONG SMOLDERING RESENTMENT ON PATRONAGE

CABINET GETS THE "PIE"

President Would Lose if Brandeis and Rubles Should Be Voted Upon Now

Special to The Democrat-Forum.

Washington, May 12.—The long-smouldering resentment of the senate over the administration's defiance of senatorial courtesy in the making of appointments threatens to show itself in a violent revolt against the naming of Brandeis to the supreme bench and Rubles to the Federal Trade Council.

A canvas of the situation by Senator J. Ham Lewis reveals the fact that both would be rejected by the senate if they should be taken into the senate by the president at the present time. He reported this to the white house.

The senators have a grievance against the president for the recognition of the cabinet members' recommendations in his distribution of patronage.

NO CONCESSIONS NOW TO CARRANZA

U. S. HAS YIELDED AS FAR AS POSSIBLE

TROOPS WILL NOT WITHD RAW EITHER

Scott Returns to Capital, Funston to San Antonio and Obregon to "Somewhere in Mexico"

Special to The Democrat-Forum.

Washington, May 12.—Carranza has been told that no further concessions can be made to the de facto government. Scott's final report to Obregon yesterday states the position of the administration.

This statement is plainly that the American troops will not be recalled until the brigandage in Northern Mexico is stamped out. A new warning to Carranza was sent through Consul Rodgers at Mexico City. It reached Rodgers today and he at once communicated it to Carranza.

Although it announced that further efforts would be made to reach an understanding, the keynote of thought in diplomatic channels and among officials is frankly stated that there is little hope of success. The cabinet is considering the situation today.

Marathon, May 12.—On account of the shortage of provisions the expedition mobilized for the chase of the Glenn Springs bandits have not crossed the border. It is believed that it will get under way Sunday.

No Change in Policy

Washington, May 12.—Following the cabinet meeting today, Secretary Baker announced that there would be no immediate change in the policy of the United States in dealing with the Mexican situation. He said that the next move would be to secure the co-operation of the de facto government in Mexico in hunting down the bandits.

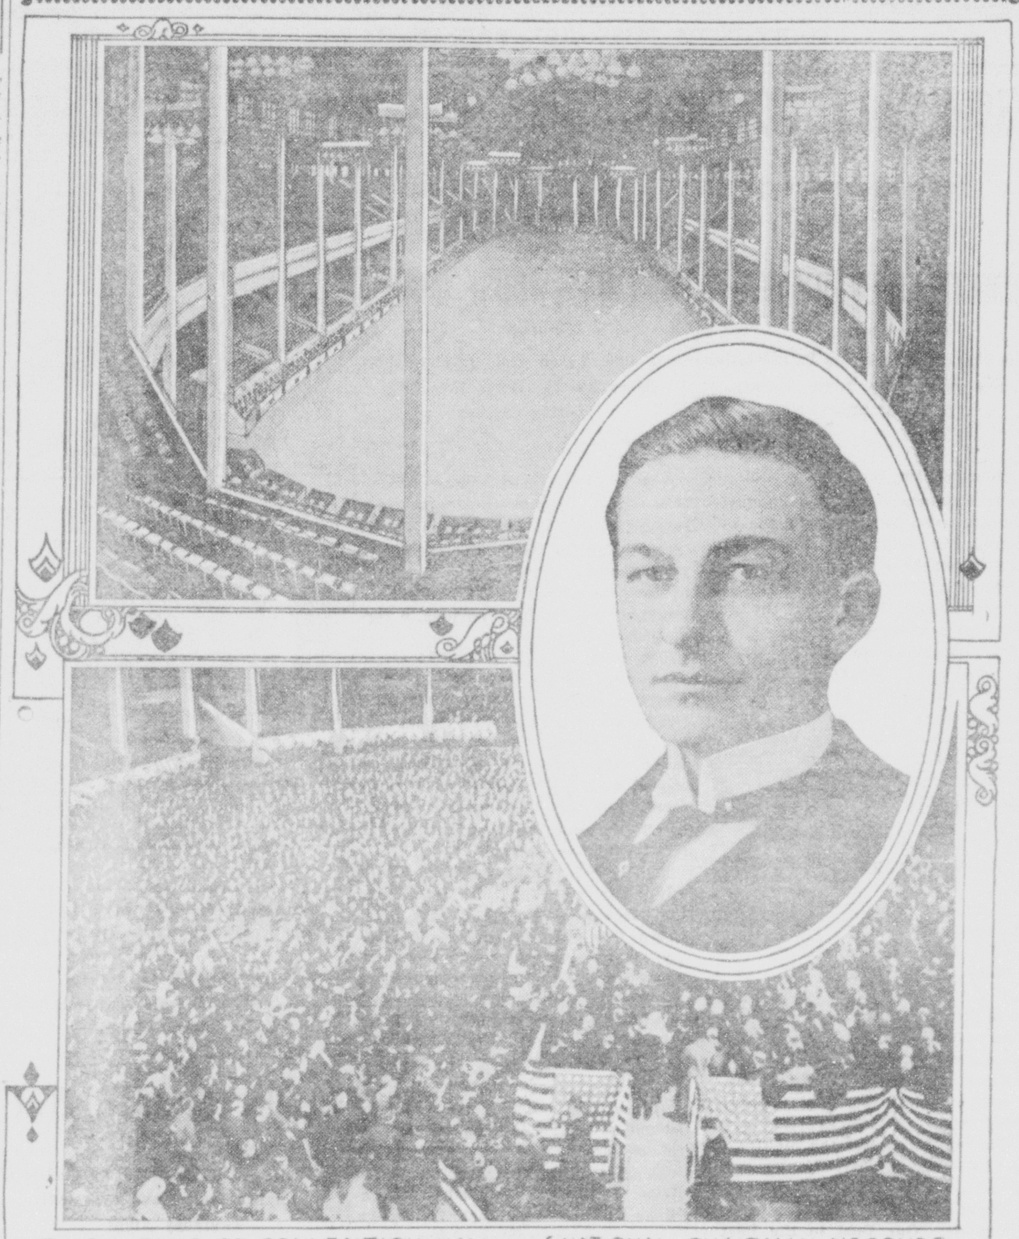
Democrats to Name Wilson



TWO VIEWS OF CONVENTION HALL and NATIONAL CHAIRMAN McCOMBS.

If looks like a certainty that the name of Woodrow Wilson will be the only one seriously put forth as a candidate for president when the Democrats meet in national convention in St. Louis on June 14.

Incorporated in the call for the convention issued by William F. McCombs, chairman of the Democratic national committee, is the plank in the Democratic party's platform which was adopted at Baltimore providing for an expression of preference for presidential candidates and the selection of all delegates and alternates at primaries to be conducted by the party in such states as do not provide for these primaries by law.

Under this call there will be 1,088 delegates in the convention. Mr. McCombs is ex officio chairman of a committee on arrangements which is composed of members of the national committee.

There will be very few federal officeholders in the Democratic convention. This departure from the established practice of a president seeking a renomination is in accordance with the wishes of Mr. Wilson himself.

In the coming convention there will be not half a dozen men who hold federal offices. One of the considerations that actuated the president in declaring he would not seek a renomination was his determination to keep members of his cabinet and men he had appointed to office from active participation in the nominating convention.

The New York organization wanted to send as a delegate at large Secretary of the Treasury McAdoo, who is also a son-in-law of the president. The president discouraged this proposition.

Speaker Clark has declined to be a delegate at large from Missouri, as has Third Assistant Postmaster General Dockery, who hails from the same state. Other federal officeholders also have declined the honor. The North Carolina Democrats wanted to send Secretary Daniels, but he has announced he will not accept. Postmaster General Burleson was also slated as a delegate from Texas, but he will not go.

In furtherance of the president's wish, members of the Democratic national committee have conferred with the leaders of their states, with the result that only men who do not hold office under the administration will be sent to St. Louis. A number of senators and representatives will, of course, figure prominently in the proceedings at St. Louis, but they are not to be regarded as members of the administration, as senators are elected directly by the people.

With the renomination of President Wilson assured it is agreed that the convention will be of short duration. It is unlikely that there will be contests of any kind. Harmony will be the keynote of the convention.

Of the coming convention Mr. McCombs has this to say:

"President Wilson will be renominated without opposition. Not only was there not the slightest suggestion of opposition to him at the opening of congress and at the recent meeting of the committee, but the enthusiasm for the president was very marked. His renomination will come as the unquestioned expression of the entire party. I don't think the convention will last longer than three days."

The Democratic national convention will be held in the new Coliseum, a building costing $300,000 and having an actual seating capacity of 14,000 persons. The building is said to be one of the best ventilated and lighted convention halls in America. Its acoustic properties are especially good. It is three stories in height, and the arena has 50,000 square feet of floor space.

The Coliseum, which is less than a mile from the business center of St. Louis, should not be confused with the old Exposition hall, in which other national conventions in St. Louis have been held. The Coliseum is of fireproof construction. It has an arena, an oval of boxes, an arena circle and a balcony. The arena circle and the balcony are fitted with opera chairs, but the arena has movable chairs.

In the Democratic national convention 464 of the delegates will represent the old convention method and 624 the direct primary. The following table shows where the Democrats have held their conventions from the time of the first convention in 1832:

"Tell Me the Secret"

"How do you make such delicious muffins? Mine are always so dry. And if I make the batter thin they fall. How do you do it?"

"I make them about as you do, only I use K C Baking Powder. Mine always turn out well, so it must be the baking powder."

It *is* the baking powder. To make muffins, cakes and pastry rich and moist, yet light and feathery, a modern double acting baking powder must be used—one that will give off leavening gas in the oven as well as in the mixing bowl.

KC BAKING POWDER

is really a blend of two baking powders, one of which starts to raise as soon as moisture is added. The other is inactive until heat is applied. This sustains the raise until your muffins, biscuits or cake is done.

K C Baking Powder costs less than the old fashioned quick acting kinds, yet you need use no more and it is superior to them in every way.

ENTER THE STRAW HAT

W. G. Carpenter First to Tilt Lid; Then H. S. Weaver

The straw hat has made its appearance and is now becoming quite numerous. W. G. Carpenter was the first to spring the summer's lid (hot Sunday lid), and when he managed to go the length of Main street without being mobbed, Horace S. Weaver took heart, and tenderly uncovered a last year's sailor, preferring to take chances on it if the worst should come rather than to wreck his brand new bangkok. The young minister made it all right, and the next day straws were out in herds and droves, and now most anybody feels safe to wear one.—Burlington Junction Post.

COLLEGE BOUGHT CATTLE

Caldwells Sell Two Calves to K. S. A. C. for $1,100

Two 9 months' old Angus calves to the agricultural college of the state of Kansas at Manhattan last week, receiving the tidy sum of $1,100 for the pair. The fact that a buyer from the college farm bought these animals at this price, after visiting many other prominent herds, demonstrates the fine breeding of the Caldwell herd.—Burlington Junction Post.

FEW FINISHED HOGS

F. E. White of Parnell Tells St. Joseph Journal

"We generally have a good supply of hogs on hand at any time of the year, but at the present time they seem to be very scarce," said F. E. White, a successful stockman and farmer of Parnell, Mo., who was in today with a load of hogs of his own feeding. "Last winter we would ship almost a trainload of stock some days, but at the present time we do not ship as much in a wek as we did then in a day. Hogs are scarce now, but the prospects are good for a large pig crop and then we will have as many hogs as usual."

Don't Hide Them With a Veil; Remove Them With the Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by any druggist under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

STEPHENS BILL PROTECTS PUBLIC

Aimed at Dishonest Advertising and False Pretenses.

TO AID HONEST BUSINESS.

Measure Will Prevent Injury to Smaller Cities and Towns From Cutthroat Monopolistic Methods of Mail Order Houses and Big City Stores—Will Insure Uniform Prices and High Quality.

By W. BOB HOLLAND.

"A bill to protect the public against dishonest advertising and false pretenses in advertising."

This is the comprehensive title of a measure introduced in the present congress by Representative Dan V. Stephens of Nebraska. A similar bill has been introduced in the senate by Senator Ashurst of Arizona. No one can find fault with legislation that will achieve the objects stated in the titles of the Stephens-Ashurst bill. The public certainly needs profection "against dishonest advertising and false pretenses in merchandising."

The bill now under consideration is the successor of the Stevens bill, a measure introduced in the last congress by Representative Stevens of New Hampshire. It was widely discussed and died in committee after several public hearings, at which its merits and demerits were considered. The Stephens bill embodies the changes that seemed advisable after these hearings and discussions, and it is believed that in its present form it safeguards the producer, the merchant and the consumer.

For many years the right of a producer to contract with merchants for the resale of his products at standard, uniform prices was generally recognized and its legality was not questioned. Then the supreme court of the United States held that such a contract was "in restraint of trade" and "against public policy." The court divided on the question, 5 to 4, and the majority found no specific law forbidding the practice that had long been common, but held that congress had intended the Sherman law to prohibit such business methods.

Agency System Is Legal.

This court made law upset long established custom, but it does not prevent the end sought from being reached by other means. Producers who wish to have no discrimination shown to favored individuals can insure uniform prices for their goods by establishing branch establishments or by appointing agents. This is the method followed by manufacturers of automobiles. Bakers who sell their products within a restricted area can also regulate their prices by making grocers their agents and thereby retaining title to their bread and rolls until they reach the consumer.

Producers of other articles, goods sold in small quantities and which must depend on established merchants for their distribution, are denied the right that men in other lines have. The Stephens-Ashurst bill is designed to restore to these producers a protection they had before it was taken away from them by the supreme court.

Cut rate department stores, so called "chain" drug and grocery stores in the large cities, and mail order houses use cut prices on standard, well known articles to draw trade away from small stores and small towns. The loss they may suffer on these standard articles is more than made up by the high profits on anonymous goods or goods put up under their own brands. In this way the producer is injured because the reputation of his product is ruined; the retail merchant is damaged because he cannot afford to advertise widely a special bargain "bait" to attract customers to whom other goods may be sold at a profit; the consumer is damaged because producers are not encouraged to maintain quality and because inferior articles are substituted.

Ample Protection Afforded.

The Stephens-Ashurst bill is not compulsory. To take advantage of its provisions the producer must register his trademark or special brand with the bureau of corporations in Washington and must pay a fee of $10. He must not have a monopoly of articles belonging to the same general class of merchandise, and he must not agree with any competitor to control prices.

The producer must also file a schedule giving the prices at which his listed article is sold to wholesalers, to retailers and to the consumer. This schedule of prices becomes a public document. The prices scheduled must be uniform to buyers under similar circumstances. This permits reduction in prices for quantity purchases and allowances to equalize freight rates.

A merchant who decides to quit business, who wishes to discontinue any line of listed goods or who becomes bankrupt must first offer such listed articles to the manufacturers for redemption at the full price paid. Should the manufacturers neglect or refuse to redeem the goods then the dealer can sell them at any price he desires or can get. Damaged goods must also be offered for exchange or redemption, and if later offered for sale at reduced prices the reason for the reduction must be made known to purchasers. There is also a clause permitting seasonable sales.

PLANNING NEW ROAD

County Court Goes Over Ground With Residents Between Clearmont and Braddyville

Quite a number from town went up the old river road between here and Braddyville yesterday, also a number of the farmers along that road, also a number from Braddyville, and met with the county court and viewed the ground with a purpose of straightening the road formerly known as the west road to Braddyville, so that it would go directly north from the old McCommon corner to the McCowen corner on the section line.

The general opinion of those that went over the route was that the best thing to do was to go directly north on the section line and make the bridges on that line, thus making it a direct road. It will take some considerable work to make the three-fourths of a mile of new road, but in the opinion of all it would be money and time well spent.

It will shorten the road from here to Braddyville, also help the through auto road to St. Joseph and would be the means of making this one of the best auto routes and causing a great deal of travel to go this way that now goes elsewhere. Let the good road work go on.—Clearmont News.

DRIVEN INSANE BY 100 CIGARETTES A DAY

Sent to an Asylum Upon Saloonkeeper's Complaint and Doctor's Testimony.

Detroit, Mich.—Frank Winters, the man who smoked a hundred cigarettes a day, was committed to the Pontiac asylum by Judge Hulbert recently in the probate court.

The incessant use of the cigarettes was declared by Dr. S. L. Layton, who examined Winters, to have affected his mind. Frequenting a saloon at the corner of Chamberlain and Lawndale avenues, Winters smoked until his supply gave out and his money too. After that he begged smokes from the customers of the saloon, according to Joseph Berman, the proprietor of the place.

Berman petitioned the court to have Winters taken to an asylum. A German by birth, Winters was getting along well in this country until the cigarette habit got the upper hand. Given jobs by Berman, Winters even lost his power of application to simple work.

"No more work for me," he would say as he would sit down on the job, Berman told investigators.

The nicotine undoubtedly had a deteriorating effect on his mentality, Dr. Layton declared.

KILL 2,000 RABBITS IN DRIVE.

California Farmers Wreak Vengeance on Field Pests.

Stockton, Cal.—It is estimated 2,000 jack rabbits were killed in the south San Joaquin district and at least one coyote met his fate in the rabbit drive held by the south San Joaquin farmers under the direction of Ed Powers of Manteca and county farm bureau officials.

Hunters from all parts of the country gathered in the south San Joaquin during the morning, and when the chase started at 9:30 o'clock there were more than 400 shotguns pointed out toward the hiding places of the long legged jacks.

The march on the rabbits lasted from 9:30 in the morning until after 2 o'clock in the afternoon, and during the afternoon hundreds of automobile parties visited that part of the country to see the huntsmen and others gathering up the slain field pests.

The library also was entered, and books and catalogues were disarranged. As a result an investigation is being made.

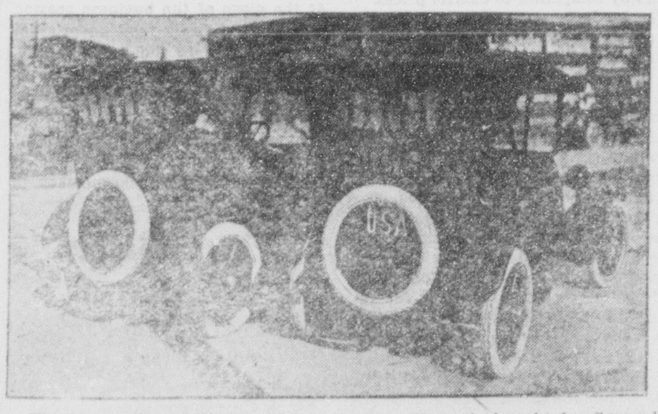
A commuter, in a tremendous hurry, entered a restaurant. "What have you for lunch?" he inquired of the waitress.

"Corn, peas, cabbage, lettuce, beans"—

"Don't fool with me, woman! Do I look like a rabbit?"—Everybody's.

No Grant City Game

Even scheduling a game away from home by the M. H. S. team brings rain. Their game at Grant City today has been called off and, like the Mound City game, will probably not be played because of the short time until school closes.



The illustration above shows two new cars recently bought for General Pershing by the United States government. These cars were equipped with United States 'Nobby' Tread Tires, according to specifications laid down by the army quartermaster, Major Elliott, the Major feeling that 'Nobby' Treads would give the best possible protection against skidding, better traction over lava and sand and would stand up under the terrific service the tires would be given in running over the Mexican deserts.

92 PIGS FROM 10 SOWS

John Mast of Skidmore Thinks His Hogs Are Best

John Mast, living near Skidmore, says he has ten of the best brood sows he ever saw, and to prove his statement he can show you ninety-two pigs these ten sows have produced. The ten sows farrowed over 100 pigs and saved 92, which is a good record. They sure deserve a blue ribbon.—Skidmore News.

Pure Bred Percheron Stallion Dynamo, 88054

Will make the present season 3½ miles west of Maryville, Mo., on what is known as the Dickerson farm.

DYNAMO is a big, smooth black gray, foaled April 12, 1911 and weighs 2100 pounds. He has wonderful style and finish for so large a horse, yet he is a fine mover. He has superb legs and feet, broad clean cannon bones with a most powerful muscular development. He was sired by PHENIX 42215 and is considered by good judges to be one of the best sons of that famous sire. DYNAMO was first shown at 2 years old, was first in his class at the State Fair and at the American Royal he won over a 2-yr-old that was sold for $2200.00. He has since, been a consistent winner and just last fall at the State Fair he won the Percheron Society medal for the best American-bred Stallion. His colts are showing up exceedingly well, and parties having colts by Dynamo are justly proud of them.

TERMS—$15.00 to insure living colt. See him and you will be fully convinced that no better horse ever stood on such terms.
